2014 ANNUAL REPORT

NO ANIMAL LEFT BEHIND

Dear Friends,

You have inspired and enabled so much good work over the past year. Thanks to your support and shared passion for the animals, our impact has never been greater.

Together, we've expanded our programs in impoverished communities on both sides of the border, bringing life-saving veterinary care and spay and neuter to more animals than ever before. Thanks to each of you, our rescue directly saved the lives of over 500 animals who otherwise would have had no hope.

I hope you'll share in our pride and excitement over the accomplishments that you've made possible. We would not exist without your support.

Thank you for sharing our belief that compassion knows no borders and that all animals deserve a chance at a life worth living, no matter what.

In gratitude,

Christi Cambor, DVM
Executive Director

OUR IMPACT: MISSION

At Compassion Without Borders, we focus our efforts on the animals that are in the greatest need of assistance and most at risk due to socioeconomic and geographic barriers.

We create sustainable programs to provide these animals with access to veterinary care and spay/neuter, along with directly saving lives through grassroots rescue efforts in high-need communities on both sides of the U.S. & Mexico border.

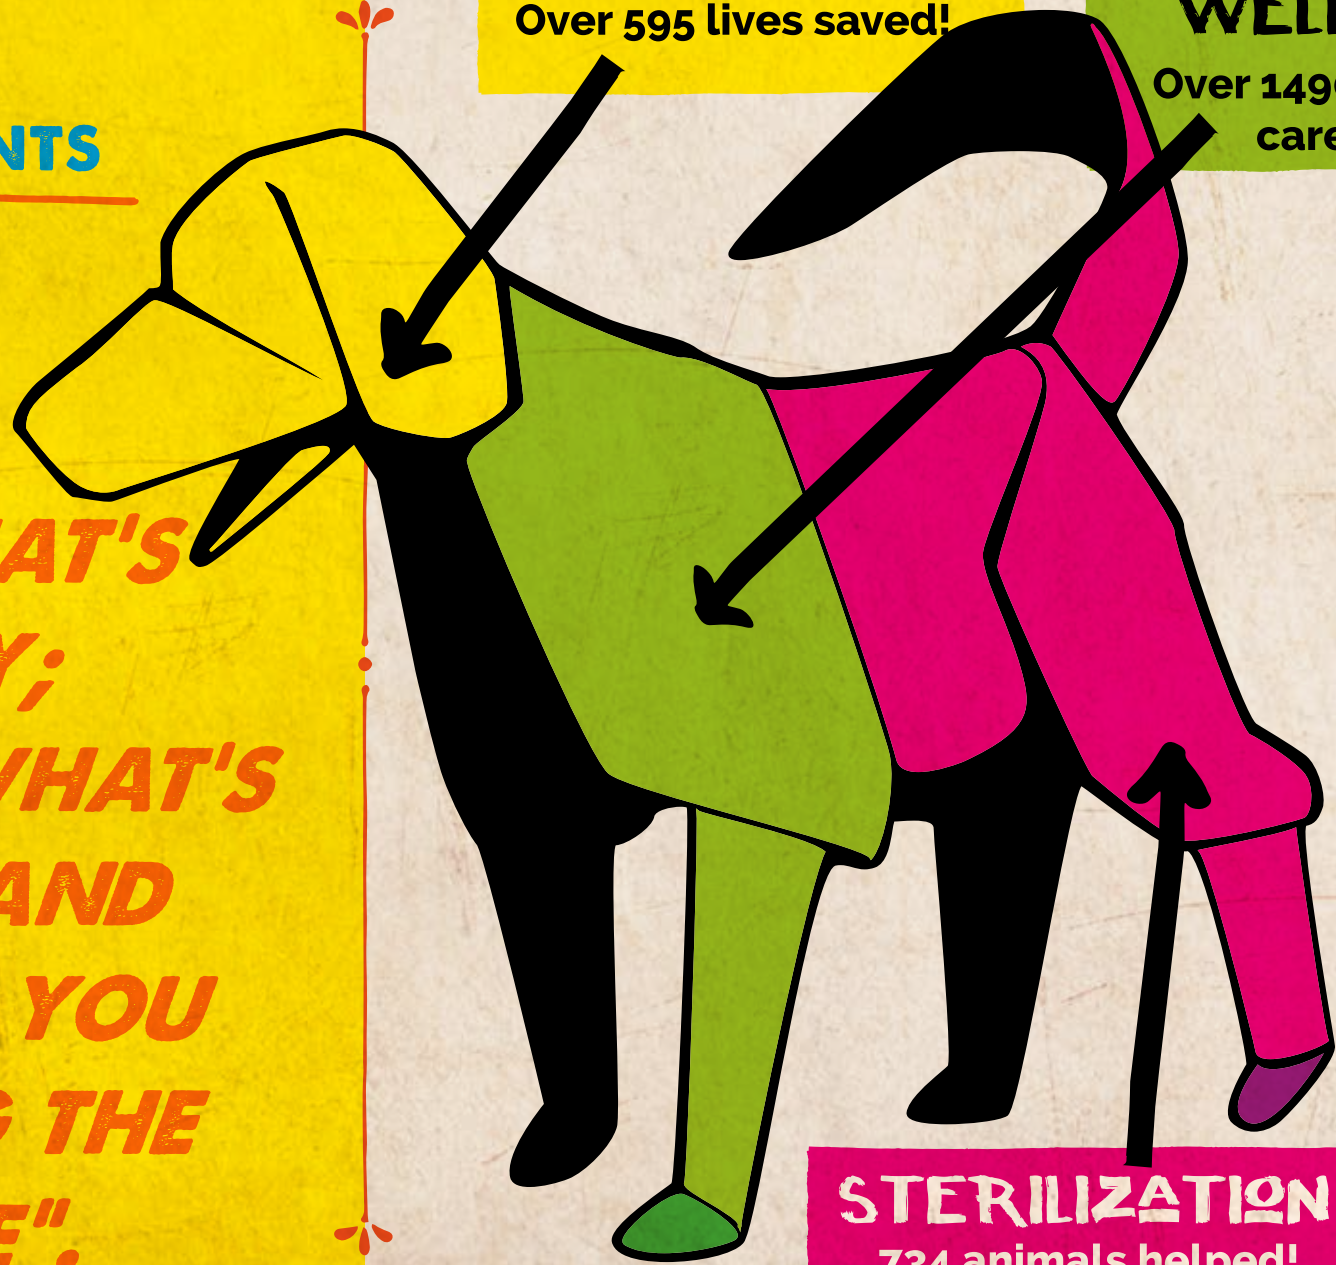

OUR IMPACT

IN 2014, WE HELPED 2819 ANIMALS
